

ASK RANDALL STEPHENSON: WHERE ARE OUR JOBS?

Before the corporate tax cut bill passed last year, AT&T CEO Randall Stephenson made some big promises. He told AT&T employees that if the bill passed, the company would invest in its workforce and **create at least 7,000 jobs**.

Well, the bill did pass. And instead of creating jobs, **AT&T has laid off over a thousand workers** across the country in the past few months. There's still plenty of work, but AT&T is sending it to low-wage and overseas contractors.

Sign the petition to tell AT&T CEO Randall Stephenson that it's time for him to keep his word and keep good, family-supporting jobs with affordable healthcare and a stable retirement in our communities!

AT&T received a \$20 billion windfall from the tax cut bill. You promised to use the tax cut to invest in workers and create good jobs. It's time to pay up by negotiating a fair contract with your AT&T Midwest and Legacy T employees.
